

# VSPOne Rewards Maximization Guide

vspone

## 5 STEPS TO MAXIMIZE YOUR VSPONE REWARDS ACCOUNT

VSPOne® Rewards allows you to earn points on every order through a VSPOne Technology Center. Points can be used to purchase more than 10,000 items from the online catalog, including optical equipment, prepaid Visa® cards, and an array of fantastic merchandise. Here are some tips to get the most out of your VSPOne Rewards membership.

- 1 Activate Your Account**  
It seems simple but it's a step many people forget to make. You must register at [VSPOneRewards.com](https://VSPOneRewards.com) to start earning points. Once registered, you'll also be paid points for jobs submitted to VSPOne Technology Centers within the previous 30 days.
- 2 Create Subaccounts to Reward A Job Well-Done**  
Practice owners can create VSPOne Rewards subaccounts and allocate points to team members for hitting dispensing thresholds, receiving customer service recognition, or a variety of other reasons.
- 3 Combine Included Lenses and Enhancements to Maximize Points**  
Combining eligible Unity® or Ethos® Lenses and TechShield® Anti-Reflective Coatings or SunSync® Light-Reactive Lenses earns you more on every order.
- 4 Go Platinum for Premier Points**  
Reaching the Platinum tier of the VSP Global® Premier Program allows you to earn extra points on each order.
- 5 Track Your Points Online**  
View the details of the points paid by clicking on "Orders" in the drop down in your account.

Visit [VSPOneRewards.com](https://VSPOneRewards.com) today to activate your account, create subaccounts, view your current points totals, or use the rewards calculator to see how much you could be earning on every order.
